 Environmentally Safer Cleansing Agents

## Fortis

General Purpose Cleaner/Degreaser

A new patented synthetic acid system, SynTech® replaces the harsh and dangerous cleaners in industries from vehicle cleaning and food processing, to waste and water treatment. What makes these cleaners unique is their ability to outperform the harshest acidic and caustic solutions while remaining non-corrosive, non-skin irritating and non-regulated by the D.O.T. In fact, they are so safe, they carry a triple-zero HMIS score.

Fortis is a new universal cleaner specifically made to replace dangerous cleaners used in your industry. The synthetic nature of the patented ingredients allows us to combine the low pH SynTech, a non-emulsifying degreaser ingredient SynClean, and the deodorizer, Xtreme.

Fortis safely encapsulates and lifts petroleum-based oils, vegetable and animal fats, along with dirt, soils and grime without emulsifying. This combined with no detectable BOD limits and COD limits below 100 means that Fortis will not create additional problems in your waste water runoff.

We also include our live vegetative microbes to break down solids and remove odor on contact with over 3 billion colonies per product gram of bio-enzymes and multi-cultured bacteria.

Fortis offers ultra fast knock down of dozens of pathogens and viruses including HIV, SARS, MRSA, Influenza, Hepatitis, E-Coli, Listeria and many more. Check with your EMS representative for a full lab report of the bacteria, pathogens and viruses that our patented ingredient Xtreme has been tested and proven to destroy. EPA pending.

The result is a concentrated liquid that cleans, brightens and deodorizes in a simple one-step process, eliminating costly steps in the cleaning process. Simply apply and rinse.

Fortis is safe on paint, glass, aluminum, chrome, stainless, rubber and plastic. It is 100% biodegradable.

- **Non-Corrosive**
- **Non-Caustic**
- **Acid Free**
- **Lifts Grease**
- **Cuts Animal Fats**
- **Cuts Vegetable Fats**
- **Non-Emulsifying**
- **One-Step Process**
- **Reduces Grease Trap Maintenance**
- **Safe on Paint, Metal, Glass**
- **Eliminates Odors**

Fast knock down of pathogens and viruses including:

Adeno Type 2  
 Aspergillus Niger  
 Avian Flu (H9N2, H3N2)  
 Bovine Viral Diarrhea Virus  
 Brevibacterium Ammoniogenes  
 Canine Parvovirus  
 Creutzfeld-Jacob Disease  
 Escherichia Coli (E-Coli)  
 Enterobacter Aerogenes  
 Feline Calicivirus (FCV)  
 Hepatitis B Virus (HBV)  
 Hepatitis C Virus (HCV)  
 Herpes Simplex 1 (Sabin)  
 Herpes Simplex 2  
 Human Coronavirus  
 HIV-1 (AIDS Virus)  
 Influenza A2, B & C  
 Klebsiella Pneumoniae  
 Listeria Monocytogenes  
 Measles Virus  
 MRSA  
 Novovirus (Norwalk Virus)  
 Parainfluenza Type 1  
 Polio (Chat Strain)  
 Pseudomonas Aeruginosa  
 Psuedora  
 Salmonella Choleraesuis  
 Salmonella Schottmuelleri  
 SARS  
 Shigella Dysenteriae  
 Staphylococcus Aureus  
 Streptococcus Faecalis  
 Streptococcus Pyogenes  
 Streptococcus Salivarius  
 T1 & T4 Bacteriophage  
 Trichophyton Mentagrophytes  
 Tuberculosis  
 Vaccina  
 VISA

Cleanse It All Global, LLC (CIAG) is a direct distributor of EMS, Environmental Manufacturing Solutions, LLC. EMS is the manufacturer of all products marketed by CIAG and listed on our website. EMS carries all U.S. related certifications, approvals and registration of the individual products. Cleanse It All Global does not assert that we maintain any U.S. related designations for any products marketed or listed on our website. Please reference the EMS website for any and all U.S. related designations for each product in question: [www.enviromfg.com](http://www.enviromfg.com)
