CLEANSE IT ALL GLOBAL
 Environmentally Safer Cleansing Agents

Omni

Descaler, Cleaner and Degreaser

Acids, caustics and solvents have long been used to remove scaling, grease and other build up from vehicles, equipment and buildings. While these chemicals are effective cleaners, they corrode and damage nearly everything they touch, not to mention the danger they pose to personnel who use them.

EMS' synthetic acid, SynTech, has replaced the harshest acids in ready mix, marine, water treatment, waste, and other industries for years.

Our non-butyl, non-solvent cleaner/degreaser, SynClean, replaces solvents and caustics in restaurants, hotels, airports and food processing. What's more, we do more than replace these dangerous chemicals: we outperform them.

Omni represents the first formulation that offers the full power of SynTech and SynClean in a single cleaner. And even though the pH of SynTech and SynClean are 1 and 11 respectively, their synthetic makeup allows them to be combined without neutralizing the other's effect.

The result is a highly potent and concentrated liquid that can be used to safely clean any surface. At lower dilutions it easily removes heavy build ups of concrete, grease and scaling. At higher dilutions Omni can be used as a vehicle wash.

Omni also contains detergents, wetting agents, sequestering agents, penetrates, rust and corrosion inhibitors making it a true all-in-one cleaner. Use Omni in any environment where previously acids, caustics, solvents or any combination of the three were needed. Omni will clean multiple stains and buildup in a single, simple step.

Omni carries NSF certifications A1, A2, A4, A8 and C1, making it ideal for the food processing industry.

- Acid and Caustic Free
- Non-Butyl, Non-Solvent
- Cuts Grease and Fats
- Non-Emulsifying
- Non-Corrosive
- Non-Skin Irritant
- Non-D.O.T. Regulated
- Produces Thick Foam
- USDA and FDA Approved
- Kosher Approved

Cleanse It All Global, LLC (CIAG) is a direct distributor of EMS, Environmental Manufacturing Solutions, LLC. EMS is the manufacturer of all products marketed by CIAG and listed on our website. EMS carries all U.S. related certifications, approvals and registration of the individual products. Cleanse It All Global does not assert that we maintain any U.S. related designations for any products marketed or listed on our website. Please reference the EMS website for any and all U.S. related designations for each product in question: www.enviromfg.com
