 Environmentally Safer Cleansing Agents

## Xtreme

### Deodorizer and Detergent

Xtreme is a colorless, odorless broad spectrum deodorizer and detergent. Tested and proven to kill bacteria, fungus and viruses, Xtreme can be used on porous and non-porous hard surfaces in food processing facilities and equipment, homes, hotels, restaurants, schools, day care facilities, offices, kennels, exercise facilities, beauty shops, buses and other public transportation vehicles, locker rooms, kitchens and rest rooms.

Xtreme provides 1.1 trillion colony forming units per gallon. What makes our microbes even more unique is our exclusive bound microbe technology. EMS microbes are enclosed in a sheath to protect them from chlorine, sanitizer and heat, which easily kill unbound microbes. This gives it a distinct advantage when used in drain-line maintenance.

In addition to our sheathing technology, we have for the first time stabilized live vegetative microbes in a liquid form. The result is a solution that quickly degrades petroleum hydrocarbons, vegetable and animal fats, oils, greases, waste solids and other organic compounds with an easy to apply and versatile treatment. Because Xtreme is instantly reactive, it can be used in any cleaning environment where cleaning and odor control is desired.

Xtreme offers ultra fast knock down of dozens of pathogens and viruses including:

Adeno Type 2	Herpes Simplex 2	Salmonella Schottmuelleri
Aspergillus Niger	Human Coronavirus	SARS
Avian Flu (H9N2, H3N2)	HIV-1 (AIDS Virus)	Shigella Dysenteriae
Bovine Viral Diarrhea Virus	Influenza A2, B & C	Staphylococcus Aureus
Brevibacterium	Klebsiella Pneumoniae	Streptococcus Faecalis
Ammoniogenes	Listeria Monocytogenes	Streptococcus Pyogenes
Canine Parvovirus	Measles Virus	Streptococcus Salivarius
Creutzfeld-Jacob Disease	MRSA	T1 & T4 Bacteriophage
Escherichia Coli (E-Coli)	Novovirus (Norwalk Virus)	Trichophyton
Enterobacter Aerogenes	Parainfluenza Type 1	Mentagrophytes
Feline Calicivirus (FCV)	Polio (Chat Strain)	Tuberculosis
Hepatitis B Virus (HBV)	Pseudomonas Aeruginosa	Vaccina
Hepatitis C Virus (HCV)	Psuedora	VISA
Herpes Simplex 1 (Sabin)	Salmonella Choleraesuis	

Xtreme works in any temperature and because it contains just the right amount of EMS' patented SynTech, Xtreme is capable of removing soil and buildup while it cleans and deodorizes.

- 1.1 Trillion CFU per gallon
- Live Vegetative Microbes
- Instantly Reactive
- Resistent to Heat, Chlorine, and Sanitizer
- Degrades Hydrocarbons
- Cuts Animal Fats
- Cuts Vegetable Fats
- Non-Emulsifying
- USDA and FDA Approved
- Kosher Approved
